Pursuant to 37 C.F.R. 1.109 and M.P.E.P 1302.14, the following is an Examiner's Statement of Reasons for Allowance:

The prior arts of record do not teach a system and a method for enabling a software manufacturer to collect, create and record a set of data points in a local session file. These data points are associated with an instrumentation session which is initiated to measure a parameter and to obtain a value concerning (e.g., a status, condition, action, usage, event or other measurable property) of the local computer and an identifier of the local computer obtained while the local computer executes an application.

Moreover, the method further comprises the step of transmitting the session file to an upload server computer for further processing.

The examiner considers the applicants' claims 1-41 to be allowable based on the claim interpretation and the aforesaid prior arts of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
